Legal Staff

"Home Leave" for Foreign National Employees

1. The ADO has requested authority to grant "home leave" to foreign national employees who have satisfactorily completed two-year tours of duty at STATINTL [redacted]

2. The Chief of the Administrative Staff considers the request sound and logical, and has suggested submission of the problem to the Comptroller General.

3. However, it is the view of the Legal Staff that, under the authority of Public Law 110, the ADO's request may be granted, with a few minor changes, without submission of the problem to the Comptroller General.

4. Because of past decisions of the Comptroller General in similar cases, it would be advisable to refrain from calling this "home leave." Such an arrangement should be referred to as authorization of "travel expenses."

5. In accord with the ADO's proposal, we believe payment of such travel expenses should be limited to those cases where employees have satisfactorily executed two-year contracts and have at least thirty days' accrued annual leave.

6. In addition, we believe each employee should renew his contract prior to departure for leave.

7. We are assuming that travel expenses under this proposal will not cover the shipping of household effects.

8. We have prepared a memorandum, explaining our reasoning in some detail, and shall be happy to forward it at your request. — 40ct'50

STATINTL [redacted]
